Prathamesh Batane

Full Stack Developer

✉ prathmeshbatane4@gmail.com 📞 9561910023 📍 Pune,Maharashtra

Profile

Full-Stack Developer with 5 months of internship experience specializing in the MERN stack and web automation. Expert in building custom **WhatsApp API engines**, e-commerce platforms, and real-time financial dashboards. Proven ability to lead projects from planning to execution independently.

Professional Experience

Full Stack Developer Intern Ongoing (5 Months)

- **WhatsApp Automation Engine:** Engineered a headless automation system using **Puppeteer** and **WhatsApp-web.js** to automate invoice delivery and bulk messaging.
- **API Architecture:** Architected a centralized **WhatsApp REST API** to serve as a microservice for multiple internal company projects.
- **E-commerce Leadership:** Spearheaded the end-to-end development of a **Jewelry E-commerce platform**, implementing custom business logic and a high-end aesthetic UI.
- **Core Development:** Maintaining end-to-end web applications using the MERN stack and implementing secure authentication system
